

Commercial Customer Financing Process

- 1. Select the equipment you need from Cardiac Life.
- **2.** Submit the application via fax, email or the Advantage+ secure website, www.advantageplusfinancing.com.
- **3.** Your Advantage+ representative will call to "meet you" to discuss financing details and answer your questions. Underwriting is usually completed the same day.
- **4.** Once approved, Advantage+ will contact you and issue a "Commitment to Finance".
- **5.** Upon your acceptance of the Commitment, Advantage+ will issue (fax/email) the loan documents.
- **6.** Return original signed documents as directed. Once received, Advantage+ will issue a Purchase and Delivery Notice to Cardiac Life letting them know that Advantage+ is financing your purchase.
- 7. Advantage+ will call you to confirm that the equipment has been received to your satisfaction. Advantage+ will then 100% fund Cardiac Life as agreed.

It is really that easy!
