This Special Needs Evacuation Wristband Tag from DMS features a Universal Language Method of categorizing the degree of disability by checking either Green for Mild, Yellow for Moderate, or Red for Severe in 9 areas. You also have adhesive backed bands for not only the Evacuee, but for the Service Animal, the Go Bag, Medications Bag, and Equipment. Unique, matching bar codes throughout the tag/wristband system for easy match-up of everything associated with that particular Special Needs Evacuee. As with all Disaster Management Systems' Tags, the DMS Special Needs Evacuation Tag integrates with the DMS-05567 All Risk® Patient Tracking System.
